

Document Imaging is a uniquely integrated technology resulting in increased productivity, cost reduction and excellent customer service.

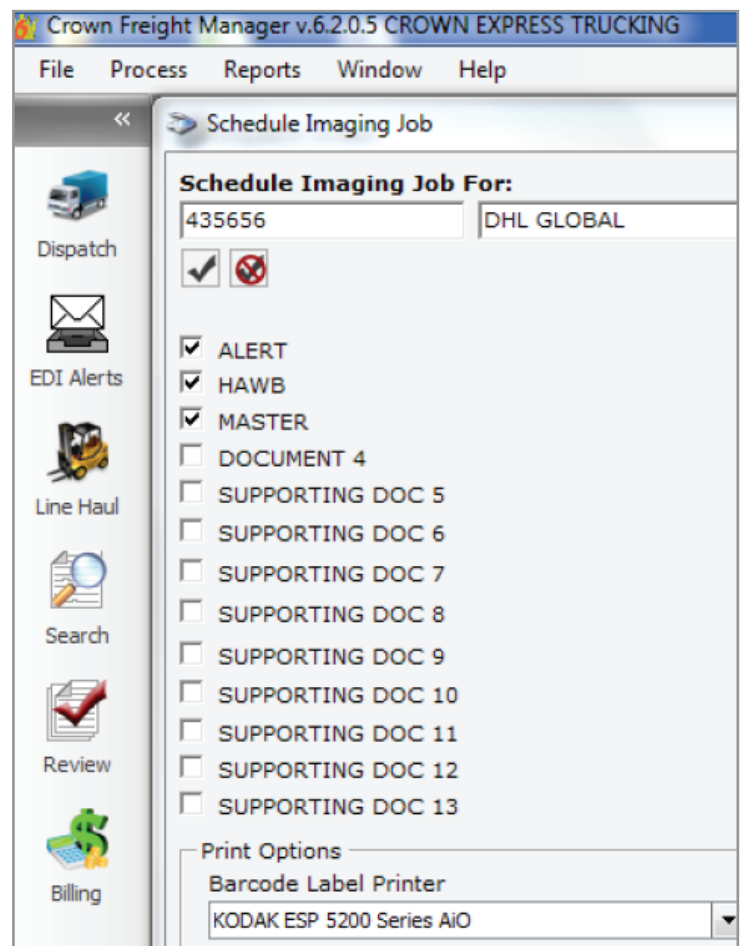

Go Paperless

Print or email invoices with copies of the scanned shipment documents and eliminate the need for sending and sorting copies of the original supporting documents.

Powerful Search Engine

Allows employees to instantly retrieve scanned shipment paperwork from their workstations for viewing and instant emailing to customers.

Integrated Access

Your customers can instantly view and/or print shipment scanned images online using the CrownConnect shipment tracking website.

3rd Party Connected

Scanned documents can be sent directly into many of the leading freight forwarders' computer systems via EDI including AIT, Expeditors and Pilot Air.
