

eStatus lets you automatically send real-time shipment status and POD (proof of delivery) information to customers via email.

## (••) Live Updates

Automatically notify your customers of real-time shipment status updates via email.

## ↻ Total Coverage

eStatus sends updates that include: scanned images and/or charges, tracking, and POD.

## ⚙️ Customized Experience

Ability to individualize data per each customer. Compatible with all shipments through Crown.

## ✓ Provide Confidence

Eliminate inquiries about shipment status, giving your customers a better, trusted experience.
